

***Al bel de tuoi capelli***

*Al bel de tuoi capelli  
L'oro ogni pregio tiene  
Ch'al paragon piu impallidir si vede.*

*Son cosi forse i velli  
De l'Auriga celeste  
Quando di raggi il mondo infiamma e veste?*

*Febo vinto si rende  
Mentre piu chiaro luce.*

*Dunque di che risplende?  
D'un vivo raggio de l'eterna luce!*

It is gold that gives  
light to your hair,  
even if gold looks less bright.

Is the hair of the celestial driver  
as beautiful as yours,  
when he dresses the world in his flames?

No, Phoebus declares himself defeated  
even when he is at his best.

So, where does the light of your hair come from?  
From a ray of the eternal light!
