Sumptibus Authoris.
Bambergæ Anno MDCCXXXVI.

NB. Quod uni forsitan aut alteri in primo meo opere sex Missas continente (præsertim in vocibus cantantibus) difficile visum fuit, in hoc iste nunc in præsente opere facilitatem certè inveniet ac emendationem. Anno insequente (adjuvante Deo) quædam adhuc Vesperæ, Psalmi residui per annum necessarii, Litaniniæ itidem & Psalmus Miserere repetitis vicibus, lucem aspicient. Quodsi verò has Vesperas nondum satis commodè producendas esse intelligerem, majoris adhuc satagam facilitatis.

DOMINE, DOMINE.

DIu prodire in lucem verebatur meus hic partus Muſicus, donec Lucinam ſibi tuo deniquè REVERENDISSIME & ILLUSTRISSIME DOMINE, in ſcuto gentilitio inveniret. Illam ùt aſpexit primùm, occultâ quâdam animatus virtute in hanc propediem profilire lucem non dubitavit; tantò ſibi viſus felicior, quantò ſplendoris plus ab illuſtriſſimo tuo hoc ſidere, decorísque, quo ex ſeſe omni priùs caruerat, ſentit imbibiſſe. Et certè ſi ſuum Bamberga in Celſiſſimo ſuo Principe demiſſis oculis Solem veneratur, noſtram te non minùs Lunam ſuſpicimus, non quòd mutuari ab altero lucem neceſſe habeas, quæ in te plurima eſt, ſed quòd eam ſoleas ad noſtrorum debilitatem oculorum attemperare. Duo ſunt, quæ defutura ſibi meum hoc verebatur opuſculum, ſuavitas vocum, & pſalmodiæ gravitas, dulci fidium concentu mitigata, quæ, non video, undenam meliùs poſſint, quàm ab admirabili prorſus Reverendiſſimi

dissimi Bambergensis Capituli ore (quod eximia pridem tua te fecêre merita, derivari: cujus gravitatem semper impii, suavitatem boni omnes sunt experti, in quo virtutum omnium dulcissimum concentum & Ecclesia hæc nostra Imperialis Bambergensis, & Cathedralis Herbipolensis hactenus suspexêre: ex quibus, nescio, utrùm splendor in te major, an ex te in illas derivetur. Scio exilem omninò, nec tuo dignam favore opellam hanc meam; nec tuæ tamen sacrare eam gloriæ dubito: MAGNUM enim & REGIUM est (ùt cum Plutarcho) imò TUUM (ut veriùs loquar) PARVA ACCIPERE. Et, si unquam, in te certè experti clientes tui sunt Lyrici illius dictum Sapiens: PARVA MAGNIS SÆPE ANIMO PLACUERE MAGNO. Liceat igitur REVERENDISSIME & ILLUSTRISSIME DOMINE, liceat indigno famulo accedere ad amplissimum favorem tuum; liceat tuo, qui comedisse te totum meritò videtur, Zelo Domûs Domini ardentissimo appendere laborem hunc Musicum, qui quoties devotorum in auribus insonuerit, toties flagrantissimi comprecantium, cum meis conjuncti affectus & suspiria pro incolumitate tua, Ecclesiæ Bambergensi felicissimâ sese effundant in Conspectu Altissimi, cujus promovendæ desiderio gloriæ totus inardescis. Hæc mea sunt, REVERENDISSIME & ILLUSTRISSIME DOMINE, vota, quæ meo mihi, quoad vixero, evelli è pectore nunquam patiar
