DifferAnce for two violins by Salvador Torr 

Derridian limits are obliquely placed in space, a word (a sound) that does not refer to a disposition but to a tension, a dissymmetry. Borders cannot be represented by a line or an edge: they are complex, pluralistic, mobile, heterogeneous and discontinuous boundaries which can be transformed, increased, decreased or multiplied. In this metaphorical space where words (sounds) carry, derive or derail, the difference that produces chains in language, (in art) is unstoppable.

What happens when dissecting a string into sub-parts, is that the smaller the difference between two points, the greater the distance of the result, that happens with the harmonics of a string, the more they approach two points, the further it is the result, this could be a metaphor of love or affective life, but in the case of the strings this is real and totally measurable. The game between two violins is that all distances between the same violin and between the products of two violins are very small, which makes that the sounds resulting are very far from the generating source. Musically the interval results are remote, also this happens in the rhythmic aspect caused by speed at which each instrument moves, again the differences are very small resulting in a continuous rhythmic skidding, pitches, intervals and speeds mirroring continuously in these three musical universes, in addition, being that both violins are of the same nature, the listener also "derive or derails " in a minimum and maximum splitting by differences in each plane of listening, making "chains impossible to stop".

DifferAnce para dos violines by Salvador Torr 

Las l mites Derridiana son oblicuas en el espacio, son una palabra (un sonido) que no se refiere a una disposici n, pero a una tensi n, a una asimetr a. No podemos imaginarnos las fronteras como una l nea o un borde: son "limitrof as" complejas, plurales, m viles, heterog neas y discontinuas, que pueden transformarse, crecer, decrecer o multiplicarse. En este espacio metaf rico donde las palabras (los sonidos) transportan, se desv an o derrapan, la diferencia que produce cadenas en el lenguaje (en el arte) es imparable.

Lo que pasa al diseccionar una cuerda en sub-partes, es que entre mas peque a es la diferencia entre dos puntos, mayor es la distancia del resultado, eso sucede con los arm nicos de una cuerda, entre mas se acercan dos puntos, mas alejado es el resultado, esto podr a ser una met fora de la vida amorosa o afectiva, pero en el caso de las cuerdas esto es real y totalmente medible. El juego entre los dos violines es este ; todas las distancias entre un mismo viol n y entre el producto de los dos violines son muy peque as, lo que hace que los resultados sonoros est n muy alejados de la fuente generadora, en el caso musical los resultados interv licos son muy grandes, tambi n esto sucede en el aspecto r tmico causado por la velocidad a la que se mueve cada instrumento, de nuevo las diferencias son muy peque as lo que resulta en un continuo "derrape" r tmico, de alturas, de intervalos y velocidades espejeando continuamente en estos tres universos, adem s, siendo que los dos violines son de la misma naturaleza, la escucha tambi n "derrapa" en un desdoblamiento m nimo y a la vez m ximo por las peque os differAncias en cada plano de escucha, creando cadenas imposibles de detener.

Vln.1

Vln.2

This system contains measures 139 and 140. Violin 1 (Vln.1) has a treble clef and a key signature of one sharp (F#). It features complex melodic lines with many slurs and ties. Fingering numbers '9' and '5' are indicated below the staff. Violin 2 (Vln.2) has a treble clef and a key signature of one sharp. It plays a more rhythmic accompaniment with many slurs and ties. Fingering numbers '9' and '5' are indicated below the staff.

140

Vln.1

Vln.2

This system contains measures 140 and 141. Violin 1 (Vln.1) continues its melodic line with slurs and ties. Fingering numbers '5' and '9' are indicated. Violin 2 (Vln.2) continues its accompaniment with slurs and ties. Fingering numbers '5' and '9' are indicated.

141

Vln.1

Vln.2

This system contains measures 141 and 142. Violin 1 (Vln.1) has a treble clef and a key signature of one sharp. It features complex melodic lines with many slurs and ties. Fingering numbers '10' and '5' are indicated below the staff. Violin 2 (Vln.2) has a treble clef and a key signature of one sharp. It plays a more rhythmic accompaniment with many slurs and ties. Fingering numbers '5' and '10' are indicated below the staff.
