NOTES.

The pianoforte part to be considered as a setting of the poetical accent.
The bars always precede the accented syllable and in the event of a long phrase in one bar a second shorter bar precedes the less accented syllable.
If there should be any doubt as to the scansion of the lines as set, the relative value of each syllable will be shown by notes of such value as is required.
When the voice does not commence with the first note of the bar rests are used.
The silent bars (for reciter) must be carefully remembered.
In every case the pianoforte part to be treated as an accompaniment, never louder than the voice, and to take the varying tempi always from the reciter.
The marks of expression apply to both piano and voice.
N.B. It is only necessary for voice and accompaniment to be together on the first syllable after the bar line. The reciter is otherwise free.

So dark the world, love, to me when I met you,
 That as a star o'er my lone way I set you;
 That hour I learnt I could never forget you,
 As through a sad world I wander'd alone!
 But since your dear eyes have looked in mine,
 I feel the sunlight upon me shine,
 This lonely earth, This lonely earth has grown divine,
 Since I have called your heart mine own!
 I love you, ah, stay beside me,
 I need you always with me to guide me;
 Without you, whate'er betide me,
 No bliss can ever my joy restore!
 I love you, do not forsake me,
 From happy dreaming do not awake me
 For I should pray Death to come and take me
 Were you to leave me, and love me no more!

When I recall what my life was without you,
 And feel what anguish and pain 'tis to doubt you,
 I fain would lay love's bright fetters about you,
 And keep you near me, whate'er might befall!
 The world goes past me, I cannot heed,
 'Tis you alone, love, are all I need,
 Ah bid me follow, follow you where'er fate lead,
 The world is naught - you are my all!
 I love you - etc.

*Nell' atra notte in selva oscura
 Senza una brezza, e senza una stella
 Rejetto misero nella sventura
 Seguo lerante mio triste cammin
 Un di ciamamo! Condolci tempre
 Ci sorridea bella la vita
 Ma ne disgiunse e forse, ahime! per sempre
 Inellutabil crudel destin
 Vederti anco una volta
 E con te viver un' ora sola;
 Oh! sogno che l'alma invola
 In sulle sfere d'un puro ciel
 Un bacio, un bacio ancora,
 Del dolce labbro si destato,
 Eppoi si compia l'estremo fato
 E mi ricopra di morte il gel.*

*Forse lontano udrai un lamento
 Qual d'uom che langue per aspra ferita
 Sa rui'l mio lagnò portato dal vento
 E forse l'ultimo sospir del mio cor.
 Ah! se tu fossi ancor felice,
 Se d'altro amore t'ardesse il seno,
 Ti risovvenga allor ahimè d'un infelice
 Che da te lunge sospira e muor.
 Vederti etc.*
