ILLVSTRISSIMO PRINCIPI
AC DOMINO, D. GVLIELMO,
LANDGRAVIO HASSIAE: COMITI IN

*Catzenelnbogen, Dietz, Zigenheyn, & Nida, &c.
Domino suo Clementissimo.*

ARTEM Musicam, Illustrissime Princeps Gulielme, Domine clementissime, veterum nonnulli in tanto honore habuerunt, ut eam & primam quandam Philosophiam vocarent, & Deorum opus esse crediderint: Nam & Pythagoras orbium coelestium motus, concentu Harmonico constare aper-
tissime affirmavit: & Angelos Deo exercituum, in coelis carmen modulari, & sanctus DEVS ZEBAOth, ter voce ingeminare, Sacrarum literarum monumenta prodiderunt: ut non immerito Pindarus dixisse mihi videatur: Deo inuisos esse, qui Musicam & Pieridum voces oderint. Quare factum arbitror, ut & hodie artis huius praeclarissimæ usus, non in Templis tantum & Scholis, sed etiam in Regum & Principum aulis longè maximus sit. Intelligunt enim viri sapientes, & cordati Reges ac Principes, Musicen non modò magnum decus atque ornamentum Templis & Scholis, Aulisque afferre, sed plurimum etiam utilitatis & fructus, in affectibus hominum vel abigendis, si pravi sunt, vel excitandis, si boni sunt, in hac mortali vita præstare. Id quod exemplo Davidis & Saulis, ac testimonio sapientissimi Salomonis notissimum est: quorum alter Cytharæ pulsu malum genium à furioso Rege auertit: alter vinum & Musicam cor hominis latificari dixit.

EPISTOLA

Quid? quòd Regius Propheta, omnes mortales ad psallendum Deo, & ad Musica instrumen-
 ta tractanda, in Hymnis suis passim exhortatur? Est enim vocum iste Harmonicus concen-
 tus absq; omni dubio Dei opt. max. donum, quod ipse pro infinita sua sapientia ac bonitate
 homini non frustra indidit, sed vt per hoc coletur & celebretur. Quod cùm ego intelligerem,
 semper in eam curam mihi incumbendum putavi: vt ingenij mei facultatem, quam in re Mu-
 fica longo annorum interuallo, & multis cum laboribus comparavi: tum ad Sacras literas &
 Psalmos Daudicos, tum ad bonorum virorum magnorumq; Principum laudes conuerte-
 rem. Cumq; superioribus annis ab Illustrissimo Principe Georgio Friderico, Marchione
 Brandenburgico, Domino meo clementissimo, ab officio chori Aulici, ad liberale ocium cle-
 menter & honestè dimissus essem, nihil prius posteriusq; mihi faciendum censi, quàm vt in-
 genij mei vires, ad pristinam componendi, vt loquuntur, rationem & consuetudinem reuo-
 carem. Hoc animi mei propositum, cùm sapientes nonnulli viri, & in primis Hieronymus
 Glauburgerus, I. V. Doctor, Patricius Francofurtensis, piæ memoriæ, ex me alijsq; cognouif-
 sent, magnis illi præmijs propositis, autores mihi fuerunt, vt Germanicū Lutheri Psalterium,
 quantum à me fieri posset, optimis concentibus exornandum susciperem. In quo instituto
 cùm pergerem, & iam complures Psalmos absoluissem, præter spem accidit, vt optimus vir, ac
 summus fautor meus, Glauburgerus, improuisa morte abriperetur. Quæ res & meum institu-
 tum diu remorata est, & me insuper in grauissimum morbum coniecit, qui annum ferè dimi-
 dium durauit, & rem meam familiarem, adeoq; omnes bonas fortunas meas pessimè attriuit.
 In his rerum procellis, quoties mihi per Dei gratiam respirare licuit: ibi animum meum ad
 Motetas, vti vocant, conficiendas reuocaui, quarum triginta tres nunc in lucem profero: su-
 periorum temporum Motetis, si non meliores, tamen non deteriores. Sin verò alicui suau-
 tate & dulcedine prioribus illis respondere non videantur: is temporum horum iniquitati &
 fortunarum mearum iniuriæ hoc tribuat: Nam carmina, vt Poëta inquit, proueniunt animo
 deducta sereno, & placidæ pacem mentis habere volunt. Tuæ verò Celsitudini, Illustris Prin-
 ceps

DEDICATORIA.

ceps Gulielme, Domine clementissime, hoc quicquid est Musici muneris ideo porissimum dedicare volui, quod meas Harmonias, præ multis alijs, T. C. comprimis placere, & gratas semper fuisse, iam antè cognoui, & insuper multis me beneficijs ab eadem affectum esse non ignoro. Pro quibus, vt me gratum & memorem exhibeam, has triginta tres Motetas T. C. humili mente offero, suppliciter orans, vt T. C. munus chartaceum sereno vultu respiciat, & Meilandum qualicunque voce modulantem, clementer audiat, & contra Sycophantarum morsus, patrocinio & clientelæ suæ commendatum habeat.

Sic Deus Hassiacos defendat ubique penates:

Et quacunque potes dote beare, beet.

Data Francofurti ad Moenum in die Iacobi Apostoli, Anno M. D. LXXV.
