## LONDON,

Published by W. Hodsoll, 45 Holborn, & R. Birchall 133 New Bond Street, where may be had

The above Work in a Small Pocket Size without the Bafs Accom! Price 25 also the 12 Solfaing Duetts, and all New Music as soon as Published.

lining such as

When this little Work was first published without a Bass, it was in a very small Size for the Convenience of the Pocket: but many of the Purchasers wishing for Something of Accompanyment, the Author was induced to republish it, in this Form, being better for the Desk. He has moreovertaken this Opportunity of making an Alteration in the Arrangement: for the Major Keys are placed together in the Beginning, and the Minor Keys at the End of the small Edition; but in this, the Minors (as Derivatives) immediately follow those Majors, which agree with them in Solmization; which it is thoughtmay prove more pleasant to the Practitioner.

N. B. One, Two, or more Examples, may be taken together for an Exercise, by properly selecting such as have the nearest Relations, so as to end with the Key first chosen.

SCALE of different CLIFFS, Shewing the SAME NOTE under different Appearances.

Scale of Eleven Lines-Shewing those used for each Cliff

## Table of Time.

The figures 1. 2. 3. &c. signify that C being the Key Note, D is the second to the Key, E. the third, &c. and the Pupil is hereby directed to imagine the Key Note, when Singing UT; the second to the Key, when Singing RE; the third MI, &c. 8. 4. 5. 6. 2. 3. Key C.Minor. 1. Nº 1. re mi la si ut ut fa sol re mi ut UT is here used in preference to DO, as the Vowel O, is found in SOL; because every Vowel should be practised in Solfaing as mi fa la according to Italian Pronunciation fa fa re mi la sol fa mi ut nt si ut si re 6 5# Nº 2 fa sol mi mi mi ut ut re fa mi sol fa sol re mi mi fa sol sol mi ut

The Key A, Minor, being a Natural Key; the Solfaing is the same as in the Key C. Major; but the Key Note, now, is LA: and SOL being the Seventh to the Key, must frequently be Sharp.
