JONATHAN FROHNEN

L'ART DE TRAVAILLER LES ÉTUDES DE KREUTZER

AVERTISSEMENT

Il est d'usage de publier, en tête des Etudes de Kreutzer, différentes manières de les travailler; mais, ces indications, réduites à un petit nombre d'exemples, sont loin d'être complètes.

Il appartenait à L. Massart, élève préféré de R. Kreutzer, ayant vécu dans son intimité, de noter les précieux conseils qu'il en recevait à tout instant, et c'est l'ensemble de cet intéressant travail — qui paraît aujourd'hui pour la première fois — que nous présentons aux violonistes.

Sur les 412 exemples qui composent ce recueil, il n'est pas un doigté, pas un coup d'archet qui n'ait été noté par L. Massart d'après les indications de Kreutzer. Si nous avons réuni en un fascicule à part tous ces documents, c'est pour les mettre à la portée de tous les violonistes en n'obligeant pas ceux qui possèdent déjà les études de Kreutzer à en acheter une nouvelle édition pour se procurer les exemples contenus dans "l'Art de travailler les Etudes de Kreutzer."

Passing the bow rapidly from nut to point.
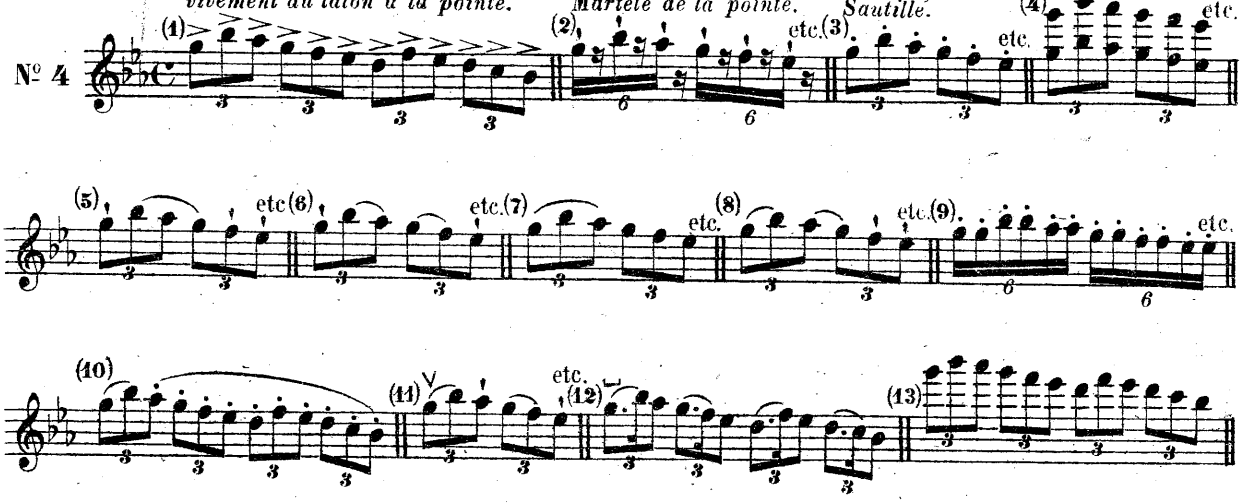
Grand détaché en passant l'archet vivement du talon à la pointe.

Firmly at the point.
Martelé de la pointe.

Springing bow.
Sautillé.

Full bow.
Grand archet.

№ 4

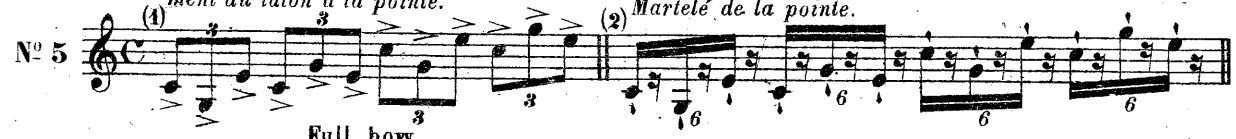


Practise the octaves with all the preceding bowings.
On peut travailler l'Etude à l'octave avec les coups d'archet précédents.

Passing the bow rapidly from nut to point.
Grand détaché en passant l'archet vivement du talon à la pointe.

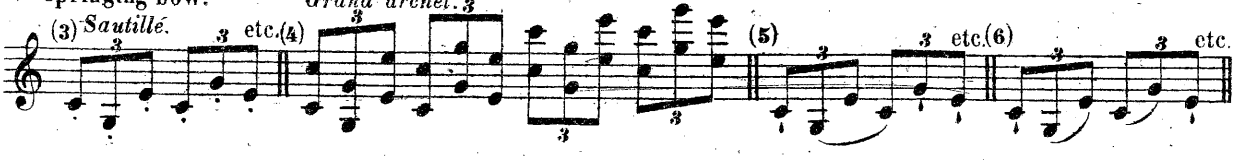
Firmly at the point.
Martelé de la pointe.

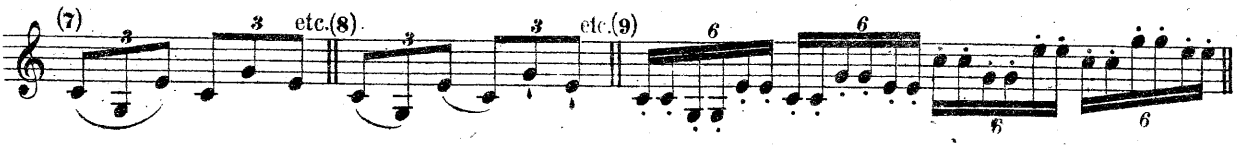
№ 5

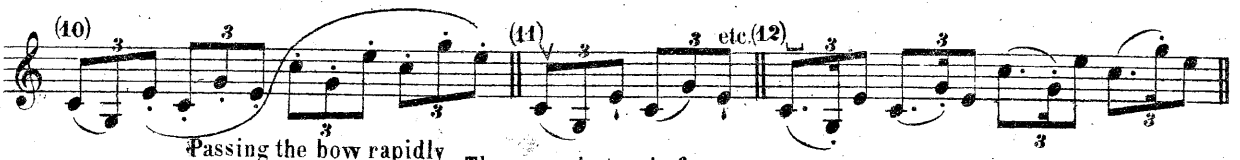


Springing bow.
Sautillé.

Full bow.
Grand archet.





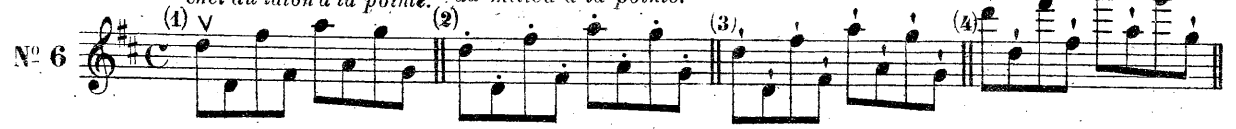


Passing the bow rapidly from nut to point.
En poussant et en tirant en passant vivement l'archet du talon à la pointe.

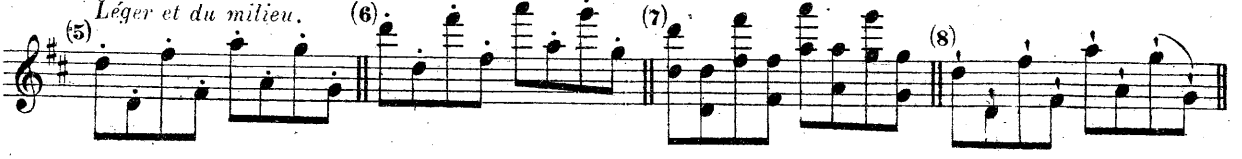
The same, but only from middle to the point.
De même, mais seulement du milieu à la pointe.

Short hammered strokes
Martelé

№ 6



Light and from middle.
Léger et du milieu.



Ces sept dernières manières aussi en poussant et en tirant.
These seven last variations with both down and up bow.

NOTA — On peut encore travailler cette Etude en faisant dans la même mesure les coups d'archet de la moitié d'une mesure et ceux de l'autre moitié d'une autre mesure.

NOTE — *This study can also be practised by combining two different variations in the same bar, as shewn in the example.*
